I haven't talked with Mike today, but as of yesterday and to my knowledge, nothing had changed. Mike may have more current information; otherwise, I'll let you know as soon as I become aware of circumstances having changed.

Rick,

This was among the tribal projects you mentioned to me a couple of weeks ago. At the time, you told me that the proposed FIP for the Uintah and Ouray Reservation was over at OMB awaiting review. Any updates?

Mike & Brian -

Please see the e-mail below. I don't know anything about this FIP or this letter, so I assume it is focused on tribal permitting. Do either of you know about it?

Administrator, attached. Shaun and I saw Alan Matheson from Utah at ECOS and he indicated this was coming...though he also understands as was conveyed to you that the latest data will be incorporated into the proposal (not final)...so the letter really just demonstrating gubernatorial action on behalf of a constituency. (He and his staff also knew many weeks ago you'd be on international travel and not around when he was in DC. The letter would suggest otherwise.)
